## A Word~

about the quality of roots which we supply. Our plants are grown on a rich, sandy loam which develops excellent root systems. These roots are lifted and divided every two or three years. We never sell divisions from old clumps. The roots we send are three to five eye divisions. The important thing is not how many eyes, but how strong the root system. We guarantee our stock to be free from nematodes and Lemoine's disease and healthy in every respect. We are sure you will be pleased with the quality of our stock.

At the first National Peony Show at Century of Progress, 1933, we were awarded six firsts and two

seconds in our eight entries.

## Japanese Peonies

Attractive for landscaping and just as lasting for cut flowers as the doubles.

Our display won 1st prize at the First National Peony Show, Century of Progress, 1933.

# Label Your Peonies with the Baker PERMANENT MARKER

You will save enough time and labor in marking your plants to pay for these fine permanent markers the first year.

Names are written with a special metal marking pencil which we furnish free. Writing becomes permanent.

Marker is made of zinc, giving ample room for writing or printing. The standard is of No. 8 galvanized wire, 30 in. long. It won't rust.

The zinc label is held firmly to the standard and the label may be tilted by bending the wire so it is visible without stooping.

## SIMPLE, INEXPENSIVE, NEAT

Here is a safe, permanent way of marking your plants. Inexpensive too. Ordinary stakes cost nearly as much and they have to be placed. One mistake avoided will repay you for all they cost. We have used them in our own gardens for a number of years and have developed this as the most satisfactory and permanent method possible. Especially desirable for iris, peony and gladioli plantings and nursery stock.

Names easily applied with metal marking pencil and writing is permanent.

Size  $4 \frac{1}{2} x^2$ , Standard 30 in. \$1.25 doz., \$8.50 hundred Size  $3x1 \frac{3}{4}$ , Standard 20 in. \$1.00 doz., \$6.50 hundred
